US FOOD SOVEREIGNTY ALLIANCE

The US Food Sovereignty Alliance ([USFSA](#)) works to end poverty, rebuild local food economies, and assert democratic control over the food system. We believe all people have the right to healthy, culturally appropriate food, produced in an ecologically sound manner. As a US-based alliance of food justice, anti-hunger, labor, environmental, faith-based, and food producer groups, we uphold the right to food as a basic human right and work to connect our local and national struggles to the international movement for food sovereignty.
